

Warranty conditions

Valid from 1.1.2024

YOUR WARRANTY IS ADMINISTERED BY NORD HT AS.

Warranty Terms & Conditions are available for download at www.nord-solution.com

1) General provisions

NORD HT AS (hereafter referred to as NORD) provides for its products referred to in paragraph 2. a voluntary guarantee for the product warranty period specified below. NORD is entitled to change these warranty terms at any time with effect for the future. The warranty terms in effect at the time of acquisition of the product shall always apply.

Warranties are governed by applicable international and related local laws and regulations.

The manufacturer reserves the right to decide whether the defective part is to be replaced or repaired, or whether the defective product is to be replaced with a faultless product of equal value. The warranty period shall not be extended by the filing of warranty claims, service and maintenance work, but shall still apply according to the term stated in paragraph 2. of these conditions.

2) Scope of guarantees

The warranty applies to products that have been purchased directly from NORD, an official NORD importer, authorized dealer, or authorized installer as new and have been commissioned by an authorized installer in accordance with the instructions for use.

3) Limitation of warranty

Claims in excess of the guarantee, such as in particular claims for damages and consequential damages, are excluded to the extent permitted by law. In accordance with this warranty statement, the warranty covers only the repair or replacement of the product or component.

The product is not covered by warranty in the following cases:

- The warranty period of the product has expired.
- The product failure is not reported to NORD within one month of its occurrence.
- Failure to follow the NORD installation manual or maintenance instructions for the inverter or accessories.
- Failure to comply with safety regulations for all NORD products or accessories.
- Damage to the product or accessory during transit, with the applicant signing the delivery note (which requires the applicant to inspect the outside and inside of the package and take photographs as proof before signing the delivery note).
- Exchanged products have not been returned to NORD or its cooperating partners (distributors) within 30 days.
- The defect is caused by improper use of the product or use of the product for purposes other than those for which the product was designed or intended.
- The product has been moved for any reason after installation (regardless of whether it has subsequently been reinstalled or moved back to the same location) unless it is reinstalled in the same location by a qualified technician who has provided NORD with a test report.
- Damage or failure is caused by lightning, flood, fire, surge, corrosion, pest damage, third party activity or other force majeure factors.
- Damage or malfunction is caused by embedded or external software or hardware (e.g. inverter control devices or battery charge or discharge control devices) of third parties without NORD's authorization (written consent).
- The product is modified or altered (including where the product serial number or product label is altered, removed or defaced).
- Defects (e.g. external scratches or stains or wear and tear on the material that do not constitute a defect) that do not adversely affect the proper functioning of the equipment or accessories.
- Normal wear and tear.
- Travel and accommodation expenses, as well as installation, modification and routine maintenance costs on site.
- Obligations, import/export fees or costs and other general administrative costs.
- If the warranty card is not duly filled in and confirmed (see point 2)

Furthermore, the warranty does not cover other costs related to direct or indirect damages caused by the defective product.
